BLOCKATRON 500

Minecraft. The building blocks of a developing mind.

The Minecraft video game offers a world without boundaries. Creative mode is a place where your little ones can bend the rules of nature, and experiment with TNT in a safe environment. After trawling the internet, you will work, create, and build rudimentary huts together. Just like families should.

Older children will enjoy Survival Mode. They will explore a world where actions have consequences and learn about good nutrition, sustainable farming, and the responsibility of owning a pet wolf or ocelot. They might also craft weapons and battle each other in hand-to-hand combat to the bitter end.

Unearth their potential. The Minecraft video game can help you and your loved ones understand what's important. It's fun. Take a moment and play.
